

BISLEY WORKWEAR : SIZE CHART

BISLEY FITS EXPLAINED

TRADITIONAL FIT	MODERN FIT	ACTIVE FIT
Workwear garments are traditionally bigger in terms of fit compared to fashion or casualwear. Bisley garments are well known for their generous fit, providing greater comfort and movement when you work.	Bisley Modern Fit shirts are half a size smaller than the Traditional Fit. Bisley Modern Fit pants/shorts are lower waisted (approx 4cm below true waist), half size bigger in the waist, half size smaller in the thigh, knee and hem opening.	Bisley Active Fit shirts are one size smaller than the traditional fit. This is made possible due to the stretch component of the garment. Bisley Active Fit pants/shorts are lower waisted (approx 4cm below true waist), half size bigger in the waist, one size smaller in the thigh, knee and hem opening. The Active Fit is ideal for workers who prefer stretch garments to enhance comfort, flexibility and movement whilst maintaining durability.
